LUKOIL TEp-15

Transmission oil of API GL-2 level for tractors and agricultural machinery

Specifications

API GL-2

Product description

All-season transmission oil based on mineral oil and additives that improve anti-wear and low-temperature properties.

Application

Benefits

Used as an all-season transmission oil for cylindrical, conical and helical-conical gears of tractors and other types of agricultural machinery, as well as for various machines and mechanisms that require API GL-2 level. The oil is intended for the operation of machinery in areas with a temperate climate. WEAR PROTECTION

Reliable operation of transmission units in temperate regions under medium and high loads OXIDATION RESISTANCE

Provides stable properties during whole period of operation

Typical test data

The information given in the typical data does not constitute a specification and can be affected by allowable production tolerances. The right to make modifications is reserved by OOO «LLK-International»

Property	Test methods	Value
Viscosity class	SAE J 306	90
Density at 20 °C, kg/m3	GOST 3900	919.6
Kinematic viscosity at 100 °C, mm2/s	GOST 33	14.9
Dynamic viscosity at -15 °C, Pa·s	GOST 1929	49
Flash Point, COC, °C	GOST 4333	236
Pour Point, °C	GOST 20287 B	- 19
